Council Connection

Recent Council Actions from April 15 Meeting

- Accepted the proposal to hire Decision Resources, Ltd. for the 2013 Community Survey. Since the late 1980's, the City has had Decision Resources, Ltd. conduct community surveys every 3-4 years to measure resident satisfaction with City services and programs. The surveys have also been used to determine community interest in new initiatives or programs. The phone survey is conducted to 400 random residents and results are projectable to plus/minus 5% of the entire City. The last survey occurred in 2010.
- Adopted an ordinance to establish a four-month moratorium prohibiting the installation of message center signs. This action permits the City Council to review and evaluate change to the Municipal Code and to preserve the integrity of the planning process.
