

## Access Shoreview April 16, 2012

### Recent Council Actions

At their regular Council meeting on Monday, April 16, City Council took the following actions:

- Approved an agreement with Canadian Pacific Railway for the reconstruction of the rail crossing on Victoria Street just north of County Road E. The reconstruction of this rail crossing is necessary to accommodate the planned realignment of Owasso Street with County Road E and Victoria Street. The estimated cost of the railroad crossing work is \$350,000. The realignment of Owasso Street is being undertaken as part of the redevelopment of the Midland Plaza retail center and construction of a 104-unit market rate apartment building.
- Authorized the hiring of park planning firm Brauer & Associates for assistance with the Bucher Park renovation project. Bucher Park, located in northeast Shoreview, is a 25-acre park that includes two baseball fields, three youth soccer fields, tennis/basketball courts, hockey and general ice skating rinks, playground area and a park building and picnic shelter. The Capital Improvement Program includes \$340,000 for this project.
