SHOREVIEW
END OF SUMMER FUN!

15th Annual Farmers' Market 2013

Tuesdays

Now through October 1 3-7 p.m.

October 8, 15 and 22 3-6 p.m.

Shoreview Community Center

Lower Level Parking Lot & Pavilion

September 24 Salsa Showdown

October 1 Senior Day

October 8 Pork-a-Palooza

October 15 Organic October

October 22 Pumpkin Patch

**NEW!
WEEKLY
THEMES**

The Market is a weekly summer event that brings the community together featuring local fresh produce, handcrafted artisan items, live entertainment and activities for all ages, and much more!

NEW! Indoor Market This Winter

Wednesdays from 3-6 p.m.

November 6 and December 4

Shoreview Community Center

Upper Level (indoors)

Step inside where it's warm, and finish up your shopping from the summer Farmers' Market vendors. Along with entertainment, we will have pastas, breads, honey, jams, fresh baked items, dried flower arrangements, meats, craft items, and so much more. Get some early holiday shopping done – many can be packaged as wonderful gifts!

NEW! City of Shoreview Map

Stop by City Hall at 4600 Victoria St. N. and pick up our new *City of Shoreview Community Map and Information Guide*, highlighting our parks and trails.

On the Cover: Commander Ryan O'Neill of Ramsey County Sheriff's Office visited with plenty of young Shoreview residents during Night to Unite 2013

Animal Control Services Handled by Ramsey County Sheriff's Department

Mario Lee, Animal Control Officer/Community Service Officer of the Ramsey County Sheriff's Department, provides animal control services and helps educate pet owners in the City of Shoreview.

In our community, the most common situations range from barking dogs, to dogs running at-large (running loose), and handling stray cats, according to Officer Lee. Other animal control services relate to animal abuse and neglect, animal nuisance issues, potentially dangerous dogs, and wild animals that are sick or are threatening humans.

Officer Lee's key advice to residents is to license their pets: "Most don't realize that pets have to be licensed – and that vaccinations are not licenses. A lot of folks are surprised about that, and also that the license has to be renewed." He partners with the City to send out reminder letters.

A Night to Unite – and Set a Record

*Shoreview residents organized 60 parties
for Night to Unite 2013*

Shoreview residents take great pride in their neighborhoods and are involved in their community – as shown during Night to Unite on August 6, when a record-number 60 registered parties and events were celebrated in our City!

An annual celebration held on the first Tuesday in August, Night to Unite is an effective, inexpensive, and enjoyable opportunity to promote neighborhood spirit and police-community partnerships in pursuit of safer communities. Community benefits often extend beyond this single-evening event, as neighbors get to know each other and the public safety agencies that serve them.

Prior to Ramsey County Sheriff's Department involvement, animal control services were handled by a private contractor. Residents "wanted an upgrade," according to Officer Lee, who is excited about the new opportunity. Now, "there's more of a response, it's education-focused, and there's more accountability – an opportunity for follow-up, better record-keeping and a better system so we can retrieve historical info. For example, with bite incidents, we can see if the same dog has been reported before." Officer Lee says he aims to strengthen and enhance the system.

He responds to animal complaints Monday through Friday, 9 a.m. to 5 p.m. When he is not available, other patrol deputies provide emergency services.

Nuisance wildlife calls are not handled by Lee, but he can make referrals to a contract service.

If you wish to report a lost, found or wandering pet, or make an animal complaint, call the Ramsey County Sheriff's Office non-emergency number at 651.484.3366. For other emergencies, call 911.

Impounded animals are held at:

Hillcrest Animal Hospital
1320 Highway 61
Maplewood, Minnesota 55109
651.484.7211

Monday, Wednesday, Friday: 8:00 a.m. - 6:00 p.m.
Tuesday, Thursday: 8:00 a.m. - 8:00 p.m.

As Officer Lee Says: License Your Pets!

Dogs, cats, Vietnamese potbellied pigs, chickens and wild animals must be licensed through the City. Licenses are valid as long as the rabies shot is valid. Apply online at www.shoreviewmn.gov, and bring in or mail a copy of your pet's rabies certificate to Shoreview City Hall, 4600 Victoria Street North, Shoreview, MN 55126. Contact Jami Philip at 651.490.4626 with any questions.

Lake Johanna Fire Dept. Fall Open House

In celebration of Fire Prevention Week, the Lake Johanna Fire Department's Open House will be held on **Saturday,**

October 5 from 11 a.m. to 2 p.m. at Fire Station #3, located at 5545 Lexington Ave. N. (corner of Lexington and County Road I) in Shoreview. This year's message is "Prevent Kitchen Fires."

Planned activities and visits, which are free and open to the public, include:

- Fire Truck Rides
- Grade School Poster Coloring Contest Judging
- Truck & Equipment Displays
- Door Prizes /Refreshments
- Firefighter Picture Boards
- Ramsey County Sheriff
- Allina Transportation Services

*An accurate and easily visible address is vital for rapidly locating a home or business in any emergency requiring fire, life and/or safety services.
(From kingcounty.gov)*

House and Business Address Numbers Can Save Your Life

When you need the fire or police department, you want to be found quickly. Emergency response is about speed.

To assist emergency workers in finding your location in a timely manner, please check the following:

- On houses, the numbers are a minimum 3 inches high (maximum of 2 square feet).
- Business numbers are sized so they are easily visible from the fire department access road (maximum of 10 square feet).
- Numbers use a contrasting color.
- Numbers are reflective.
- Numbers are placed at the end of long driveways.

Change More Than Your Clocks: Replace Batteries in Your Smoke and Carbon Monoxide Alarms

When you move your clocks ahead one hour for Daylight Saving Time on Sunday, November 3, 2013, remember to replace the batteries in your smoke and carbon monoxide (CO) alarms.

A recent U.S. Census Bureau survey showed that only three out of four homes reported they changed the batteries in their smoke alarms in the last six months. Batteries need to be replaced in alarms every year. The U.S. Consumer Product Safety Commission also recommends testing your alarms every month to make sure they are working.

Smoke alarms should be placed on every level of the home, inside each bedroom, and outside sleeping areas.

While about 95 percent of U.S. homes report having at least one working smoke alarm, only 42 percent report having a working CO alarm – which can alert you and your family to dangerous levels of carbon monoxide inside your home. According to the Centers for Disease Control and Prevention (CDC), more than 500 people die each year in

the U.S. from unintentional, non-fire related CO poisoning. Carbon monoxide is called the invisible killer, because you cannot see or smell it. This poisonous gas can come from a variety of sources and quickly incapacitate and kill its victims.

If you do not have CO alarms, get them. CO alarms should be installed on every level of the home and outside sleeping areas. Like smoke alarms, CO alarms need fresh batteries every year. They should be tested once a month to make sure they are working.

Combination smoke and CO alarms are also available, all in one unit. (From the U.S. Consumer Product Safety Commission – cpsc.gov)

**Daylight Saving Time ends at 2:00 a.m.
on Sunday, November 3**

“What’s Coming Up?”

Popular Farmers Market Continues through Fall

The Shoreview Farmers’ Market has been offering something new every week since early June – making the popular summer event even more exciting this year.

“I really like this a lot better than other Farmers’ Markets – it just seems like there’s more going on here,” said Shoreview resident Merlinda Esperancilla.

Despite a slow start in the season, thanks to a long-drawn-out winter, “things caught up,” said Lesley Young, Market Manager. The selection has expanded each week, and “we were fully packed with vendors, visitors and products by July.”

Aside from seeing new produce and products each week, visitors were pleasantly surprised with consistent, fun themes every week. “People have been asking, ‘what’s coming up next week?’ and wanting to join our mailing list,” said Young.

“This year, we’ve been giving away a lot more, and it’s been a big attraction,” said Lisa Bryans, who has worked at the Farmers’ Market for the past three years, alongside her daughter, Mackenzie.

An average of 2,000 people visit a four-hour market, according to Young, who adds that there have been “tons of compliments” about improved traffic flow, more

space and earlier set-up time for vendors, and a cooler location providing more shade. “There are more inviting surroundings with the Pavilion and the park. I’ve seen people kick their shoes off and relax in the green grass,” she said.

We have also enjoyed collaborating with Ecumen and Land O’ Lakes. The Ralph Reeder Food Shelf received 227 pounds of food from Market donations collected in July alone.

If you haven’t stopped by, it’s not too late. Many vegetables enjoy peak season in September and October, including spinach, broccoli, cabbage, carrots, cauliflower, potatoes, onions, Brussels sprouts, parsnips, turnips and winter squash. And don’t forget apples!

“We’re a fairly big market and try to get a variety of vendors in. It appeals to everyone – all ages come out. We cover it all,” said Bryans.

Channel 16 City Meeting Broadcast Schedule

Channel 16 provides access to government information through public meetings, including Shoreview City Council and Planning Commission meetings, as well as community events.

Shoreview City Council Meetings

Live: Every first and third Monday of the month at 7 p.m.

Replays: Monday, Wednesday, Friday and Saturday at 12:30 p.m. and 7 p.m.
Tuesday, Thursday and Sunday at 12:30 a.m., 8 a.m. and 3 p.m.

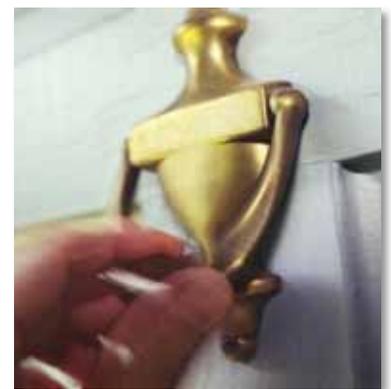

Shoreview Planning Commission Meetings

Live: Every fourth Tuesday of the month at 7 p.m.

Replays: Monday, Wednesday, Friday and Saturday at 12:30 a.m. and 8 a.m.
Tuesday, Thursday and Sunday at 7 p.m.

Peddlers and Solicitors

Before our long Minnesota winters arrive, the pleasant weather brings door-to-door peddlers and solicitors. All peddlers and solicitors are required to be licensed by the City of Shoreview, with the exception of individuals who are only dropping off literature or flyers.

However, a City license only means that the individuals going door-to-door have passed a background check. The license does not mean that the product has been approved, or that the City endorses the company.

If you would rather not deal with peddlers and solicitors at all, you can place a small sign on your house that says “Peddlers and Solicitors Prohibited.”

10 Ways You Can Protect Groundwater

Only 1% of Earth's water is available for human use. Of that, 99% comes from groundwater. Here are ten simple ways we can protect our groundwater resources for future use and generations:

1. Fertilize based on soil tests, not fertilizer manufacturers' timelines, and buy phosphorus-free fertilizers per Minnesota law.
2. Avoid use of pesticides and herbicides. Not only can insects and plants become tolerant to these chemicals, but many of them are toxic to humans and can harm beneficial insects at the same time.
3. Clean up grass clippings, leaves, and other debris at the curb.
4. Remember: Everything that goes down the drain, whether in your house or outside, eventually ends up in the water supply again. Don't dump chemicals down the drain – instead, take them to Fall Cleanup Day on October 5 (see inside back cover) or to Ramsey County's household hazardous waste drop-off facilities.
5. Likewise, don't flush medications, whether over-the-counter or prescription. Take them to the Ramsey County Sheriff's office on Highway 96.
6. Instead of running kitchen scraps through the garbage disposal, compost them. It's better for your drain, as well as the water treatment facility.
7. Plant a rain garden to capture water runoff and allow infiltration into the ground, as well as to add beauty to your yard.
8. Conserve water. Use drought-tolerant plants in your landscape, including native plants, and remember that grass is not dying when it turns brown; rather, it is going dormant and will turn green at the next rain. If you must water a lawn, do so based on climate, rather than the calendar.
9. Find creative ways to conserve water indoors, too. Install a dual-flush adapter for toilets, or put a filled water bottle in each toilet tank. Low-flow showerheads are better than ever – if you were disappointed with them ten years ago, try them again. Collect water in the kitchen from washing produce, and use it on your indoor or outdoor plants.
10. Protect natural vegetation along shorelines of lakes and ponds to preserve habitat, capture runoff, and prevent erosion.

(Sources: ngwa.org and bluethumb.org)

Easy Tips for Fall Lawn Care

Every lawn is a lakeshore. You may not realize that runoff from your property eventually ends up in our lakes and ponds. That's why it's important to take care of your yard in a way that minimizes that impact. Here are some quick Fall tips:

Leaves

Rake them up and compost them in your back yard or at the free Ramsey County Yard Waste site. Sweep leaves (and grass clippings) out of the curb and prevent them from going into the stormwater system. Decomposing leaves add nutrients to lakes and storm water ponds, which can foul the water and cause ugly and smelly algae blooms next year.

Over seed

Fall is the best time to overseed your lawn because grass prefers the cooler weather when it wants to grow. Thicker grass crowds out weeds naturally. Just be sure to do it early enough to give the lawn time to establish itself before winter weather hits.

Aerate

Aerating relieves compaction, prunes grass roots and allows water and nutrients to find their way into the root zone of the turf.

Dethatch

Thatch is the layer of fibrous material and organic debris that can accumulate on the depths of your lawn. It prevents water from reaching the soil, encourages diseases, and stops grass from thickening.

Topdressing

Sprinkle a thin layer of compost on your lawn. This improves your soil quality. Good soil structure encourages worm activity that, in turn, improves drainage. Worms also help take surface debris down into the soil – so it's like getting free fertilizer.

Parking Rules to Remember

Throughout the year, we receive calls from residents wondering about trailers, boats, campers and other vehicles parked on city streets or in driveways.

- The code requires that all passenger vehicles be licensed, operable and fully parked on an approved parking surface, not half on, half off nor parked on the grass.
- Unlicensed or inoperable cars must be stored in a garage.
- Recreational vehicles, boats, ATV's, snowmobiles, special purpose trailers or other vehicles designed or used for off-road purposes may be parked or stored in a garage or lawfully erected building, or may be parked or stored outdoors as follows:
 - No more than two such vehicles, not more than one of which is a recreational vehicle, shall be parked or stored outdoors on each lot.
 - Any vehicle parked or stored outdoors shall be owned or leased by the occupant of the premises where parked or stored.
 - Any such vehicle shall not be parked or stored within five feet of a side yard lot line, or within ten feet of a rear yard property line. Vehicles may be parked within the required front setback provided vehicles are parked on an approved

asphalt, concrete or similar approved hard surface and shall not be within five feet of the front yard property line.

- Recreational vehicles shall not be used as temporary or permanent living quarters.
- City Code prohibits parking your passenger vehicles on the grass or other non-approved hard surface next to the garage or in the backyard.

Maintaining your property helps strengthen Shoreview's reputation for livability and quality of life. It strengthens property values and encourages reinvestment in our community. Log on to www.shoreviewmn.gov and look under the Community Development page, or call Code Enforcement Officer Brent Marshall at 651.490.4687 if you have questions about code violations on residential properties.

Get your Free and Personalized Construction Consultation!

Housing Resource Center provides FREE construction consultations to residents of participating communities (including Shoreview). These services include:

- Information on construction, building codes and permits.
- Site visits with homeowners regarding home improvements.
- A written scope of work or a list of work for contractors to bid from.
- Assistance in reviewing contractor bids, proposals and estimates.
- Assisting homeowners during the construction process.

Know The Code this Fall

It's that time of the year – crisp autumn air and colorful falling leaves. It's a beautiful season, but it also means fall chores need to be done to prepare for winter.

- When raking your yard, do not rake leaves or grass into the streets or gutters. Materials can wash into storm drains that lead directly into nearby lakes and ponds and can harm lake water quality.
- Dispose of grass clippings, weed clippings, and leaves in a reasonable timeline. Either haul to a free county site that accepts brush or ask your garbage hauler to take it away (they may charge a fee). Log on to www.co.ramsey.mn.us/ph/rt/collection_sites.htm or call 651.633.3279 for disposal options or for the location of sites that accept yard waste.
- Grass and weeds may not grow taller than 9 inches.
- Yard waste, including trash, leaves or twigs cannot be burned in a backyard fire.
- Composting areas shall be located in a rear yard, at least ten feet from any property line, at least thirty feet from any adjoining residence and designed so that seepage from the compost will not run off into public or private streets, storm sewers, drainage ditches, water retention basins, wetland areas, streams or lakes.
- Waste, debris, recycling and refuse containers must be kept out of public view except on collection day.

Northeast Youth and Family Services Transforms Lives

Youth from the STEP (Service + Tutoring Equals Pride) program who helped a senior in need.

For a certain non-profit organization in Shoreview, undergoing change – in more ways than one – can be a very positive thing, and it’s something that happens often.

“We’re in the business of transforming lives,” says Northeast Youth and Family Services (NYFS) President and CEO Jerry Hromatka. “And that means working with individuals, their families and their communities to create a stable foundation. Once you do that, you can work on building a better future.”

NYFS – formerly known as Northwest Youth and Family Services – has been living out its mission of transforming the lives of youth and families since 1976 and has served thousands of Shoreview residents over the years. Their programs focus on three main areas: youth development, mental health counseling and academic/day treatment services for severely emotionally disturbed youth.

The agency’s main focus is on youth age 5-21 because research shows that early intervention and a family-based approach to problems bring about life-changing results.

Shoreview City Council Member Emy Johnson with her daughter, Elissa, at the NYFS and Land O’ Lakes 2013 Fun Run held at Snail Lake Regional Park in June.

NYFS has undergone many changes of its own over the years. It has grown from a small agency that served 100 families in its first year to a multi-service, regional organization that touches the lives of nearly 4,500 people each year.

Its most recent change has been renaming the agency from Northwest Youth and Family Services to Northeast Youth & Family Services.

“We expanded into the White Bear Lake area a little over a year ago,” Hromatka said. “The new name makes more sense, now that we serve a large section of the northeastern metro area.” The City of Shoreview, along with fourteen other suburban cities, partners with NYFS for key services including mental health counseling, juvenile diversion services and the senior chore services. All residents of Shoreview are eligible to use these services. Some are provided on a low-cost or free-of-charge basis to low-income clients who qualify.

“By combining our resources and our strengths, we are able to provide a high level of cost-effective care for our community partners,” said Hromatka.

While their main focus is on youth, NYFS also offers a Senior Chore Program that helps seniors age 60 and older live independently in their homes. NYFS youth and adults are paired with seniors who need help with indoor and outdoor chores including lawn mowing. “It’s a great match,” he says. “Youth who need a job gain real-world work experience while seniors get the help they need at an affordable rate.”

70% of kids involved in NYFS after-school programs improved their grades in school

80% of Outpatient Mental Health clients have reported an improvement in their symptoms

95% of youth who successfully graduated from NYFS’ Diversion program did not reoffend within six months of completing the program

If you or someone you know could benefit from NYFS’ programs, please call 651.486.3808. For more information about NYFS, please visit them on the web at www.nyfs.org or find them on Facebook at facebook.com/NYFSorg.

Rotary Club of Arden Hills/Shoreview

Rotary Club Makes Local and Global Impact

One of the best kept secrets in our community is the Arden Hills-Shoreview Rotary Club. Formed nearly 28 years ago, the club quietly undertakes projects that make a difference in lives of people locally and globally.

The Arden Hills-Shoreview Rotary Club is one of 33,000 Rotary clubs worldwide with about 1.2 million members in nearly 200 countries. Its membership is a global network of business, professional and community leaders who volunteer their time and talents to serving their communities and the world's impoverished countries.

Locally, the Arden Hills – Shoreview Rotary Club focuses on projects aimed at promoting healthy youth, including scholarships for a diverse group of Mounds View High School students and actively supporting organizations serving youth and the community such as the YMCA, Boy Scouts and Girl Scouts, K-9 Unit of Ramsey County Sheriff Foundation and Northeast Youth and Family Services. The club also undertakes projects to ensure the livability of our parks and trail systems.

Globally, the club is supporting efforts to help HIV infected orphans and vulnerable children in Zambia get medical care and education support. This year, the club is sponsoring a water filtration project in Puerto Vallarta,

Mexico and is donating both clothing and household items to help local families.

To promote a better understanding among cultures throughout the world, the club has historically sponsored a local high school student's year of study abroad and a foreign student's stay in the Mounds View School District. The club also sponsors a graduate level "ambassadorial scholar" and occasionally hosts month long visits of small groups of business and professional leaders from other countries.

Join Rotary to connect with your community and make an impact. For more information, go online to: ardenhillsshoreviewrotary.org.

The club meets every Tuesday at 7:15 a.m. at the Hampton Inn, 1000 Gramsie Rd. in Shoreview (near I-694 and Lexington Ave., next to Green Mill). Guests and prospective members are always welcome to join us for a complimentary breakfast. Contact Kevin Keenan at 651.636.3025 or kevinkeenan@gmail.com for more information.

Beyond the Yellow Ribbon of Suburban Ramsey County

Beyond the Yellow Ribbon

To support our troops, Shoreview is a member of Beyond the Yellow Ribbon of Suburban Ramsey County – a program that connects our Nation's Service members and their families with community support, training, services and resources.

Volunteers from the Beyond the Yellow Ribbon of Suburban Ramsey County network will be serving up hamburgers and french fries at the White Bear Lake VFW (4496 Lake Ave S, White Bear Lake) at "Build a Burger for the Troops," every second Monday of the month from 5 to 8 p.m. Stop by for dinner and show your support for our troops with \$5 for a hamburger and chips (or substitute fries for \$1 more).

Learn more at <http://www.beyondtheyellowribbon.org/suburban-ramsey-county>.

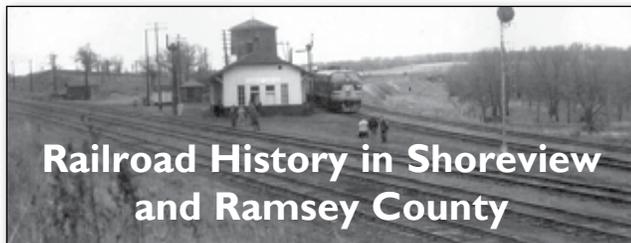

Build a Burger for the Troops every second Monday of the month at the White Bear Lake VFW

Shoreview Historical Society “Over 80” Reception

For the third time in its history, the Shoreview Historical Society will honor current and former Shoreview residents who are 80 years old or over. Previous receptions were held in 1999 and 2004. A brief program will be held, including entertainment.

Honored guests are asked to bring photos or memories to share. In 1933, Shoreview was still very rural with three elementary schools: Districts 25, 28, and 35. There were small grocery stores and taverns on many corners and WWII was still years away.

The reception is free to seniors but friends and family members who choose to attend will be asked for a \$5.00 donation. Personal invitations will be mailed to the honorees. To receive an invitation or to nominate a guest, please notify Lu Slaten: slatenews@juno.com, 651.482.8435.

Railroad History in Shoreview and Ramsey County

John Wickre, a Minnesota railroad historian, will speak to the Shoreview Historical Society, Oct. 21 at 7 p.m. at the Shoreview Library. The public is invited to this special event.

A retired employee of the Minnesota Historical Society (MHS), Wickre’s talk will focus on northern Ramsey County, Shoreview and North Oaks, as well as describing early Minnesota railroads. The talk will cover advertising materials, maps, photos and other graphic items related to Minnesota railroads.

Wikre was at the MHS when Burlington Northern donated records of predecessor companies Great Northern Railway and Northern Pacific railway at the time of the BN merger. Wikre, who has taught classes on Minnesota railroads, is also active in the Minnesota Transportation Museum.

Gallery 96 Fall 2013 Exhibition

Gallery 96 Art Center’s Fall 2013 Exhibition will have as its theme, “The Art of Nature, The Nature of Art.” Works are accepted from all medias except electronic and will be juried and judged. Over \$600 in cash prizes will be awarded and works may be priced by the artist for sale without commission. The exhibition will be held at the Shoreview Ramsey County Library during the month of November.

Rules for Entry

- Artist must be 18 years or older and a current member of Gallery 96 Art Center.
- All paid members are eligible to submit one entry at no charge and up to two additional pieces for a small fee.
- All work must be suitably framed and ready to hang with wire. No sawtooth hangers will be accepted.
- The maximum size of framed art is 30 inches wide by 48 inches high.

- The work, whether a painting, pottery, sculpture, photograph, etc must weigh no more than 40 pounds.
- All entries must be original and done within the last three years.
- Work must not have been done under the tutelage of an instructor.
- Entries must remain on exhibit for the duration of the exhibition.
- Artists are responsible for insuring their own work; Gallery 96 and/or the library cannot be held responsible for loss or damage.
- Art must be delivered to, and picked up from, the Shoreview Library at 4570 N. Victoria St.

Contact info@gallery96.org for information on joining Gallery 96 and/or entering the show.

FALL CLEANUP DAY

Saturday, October 5 8 a.m. – 3 p.m.
Hamline Avenue and Highway 96

General Refuse and Debris

Items that are general refuse and debris that are not normally collected by your refuse hauler. Amounts shown are approximate amounts you will be charged and represent approximately two-thirds of the cost for disposal; the City pays 1/3 of the actual cost. Prices listed below are for general loads and may include extra costs for specific items. Final charges will be determined at the event.

Pricing by Item

Air Comp/Pressure Washer	\$ 10
Appliance	\$ 15
Appliance with freon	\$ 20
BBQ Grill	\$ 5
Box Spring (any size)	\$ 10
Exercise/Treadmill Equip	\$ 15
Generator	\$ 10
Mattress (any size)	\$ 10
Mower/Snowblower/Tiller	\$ 10
Stuffed Furniture	\$ 10
Tires	\$ 3
Vacuum Cleaner	\$ 5
Water Softner	\$ 10

Pricing by Group

Car Load	\$ 10
Minivan/SUV Load	\$ 15
Pickup Load	\$ 25
Trailer Load (4' x 4' x 8')	\$ 30

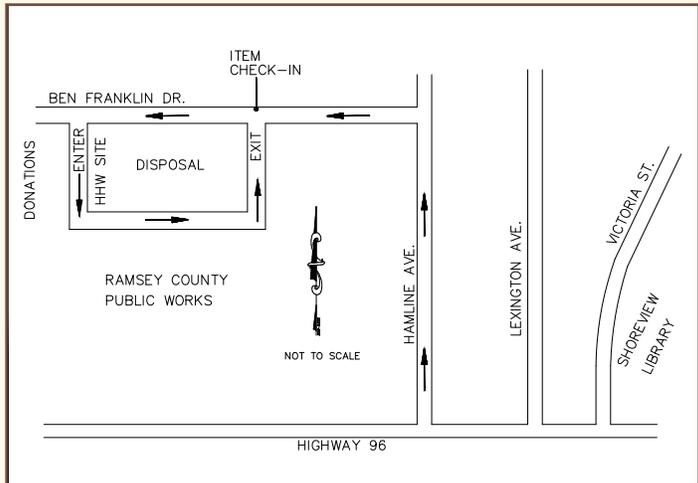

Electronic Recycling

Amounts shown are approximately 2/3 of actual cost of recycling the electronics.

***Pricing is based on per unit cost and may be subject to change.

Electronics Keyboard, Mouse, Cell Phones — FREE

Computers	\$ 10	Printer: Inkjet/Fax/Scanner	\$ 5
Computer Monitor	\$ 10	Printer: Laser/All in one	\$15
